

Independent limited assurance statement by Deloitte Touche Tohmatsu Certified Public Accountants LLP Beijing Branch to the directors of Henan Zhongyuan Gold Smelter Co., LTD on its Compliance Report for the London Bullion Market Association's Responsible Gold Guidance for the year ended 31 December 2014

We were engaged by Henan Zhongyuan Gold Smelter Co., LTD (Zhongyuan Smelter) to provide limited assurance on their Compliance Report for the London Bullion Market Association's Responsible Gold Guidance (the Responsible Gold Guidance) for the year ended 31 December 2014 (the Compliance Report).

Our engagement was performed with the objective of providing a conclusion on whether the assertions made by management, in their Compliance Report for the year ended 31 December 2014, with respect to the activities undertaken to demonstrate compliance with the Responsible Gold Guidance, are fairly presented.

The Responsible Gold Guidance comprises the criteria by which Zhongyuan Smelter has measured and reported their level of compliance to the Responsible Gold Guidance and this was used for the purposes of evaluating management's assertions.

Responsibilities of directors

The directors of Zhongyuan Smelter are responsible for the preparation and presentation of the Compliance Report for the year ended 31st December 2014 in accordance with the Responsible Gold Guidance. This responsibility includes establishing appropriate risk management and internal controls from which the reported information is derived. The criteria identified by the management as relevant for demonstrating compliance with the Responsible Gold Guidance are the activities described within the Zhongyuan Smelter's Compliance Report.

Assurance providers' responsibilities

Our responsibility is to carry out a limited assurance engagement in order to express a conclusion based on the work performed. We conducted our assurance engagement in accordance with International Standard on Assurance Engagements ISAE 3000 Assurance Engagements other than Audits or Reviews of Historical Financial Information issued by the International Auditing and Assurance Standards Board and the guidance set out in the LBMA Responsible Gold Programme - Third Party Audit Guidance for ISAE 3000 Auditors (the Audit Guidance).

The extent of evidence-gathering procedures performed in a limited assurance engagement is less than that for a reasonable assurance engagement, and therefore a lower level of assurance is provided.

Limited assurance procedures performed

We planned and performed our work to obtain all the evidence, information and explanations considered necessary in relation to the above scope. These procedures included:

- Enquiries of management to gain an understanding of Zhongyuan Smelter's processes and risk management protocols in place
- Enquiries of relevant staff responsible for the preparation of the Report
- Site visits to Zhongyuan Smelter

- Assessing the suitability of the policies, procedures and internal controls that the Zhongyuan Smelter has in place to conform to the Responsible Gold Guidance
- Review of a selection of the supporting documentation, including gold supplier counterparty due diligence file and transaction's documentation
- Test a selection of the underlying processes and controls that support the information in the Report
- Review of the presentation of the Report to ensure consistency with our findings

Inherent limitations

Non-financial information, such as that included in the Zhongyuan Smelter's Compliance Report, is subject to more inherent limitations than financial information, given the more qualitative characteristics of the subject matter and the methods used for determining such information. The absence of a significant body of established practice on which to draw allows for the selection of different but acceptable measurement techniques that can result in materially different measurements and can impact comparability. The methods used by refiners to comply with the Responsible Gold Guidance may differ. It is important to read Zhongyuan Smelter's gold supply chain policy which can be accessed from the contact of Zhongyuan Smelter.

Independence and competency statement

In conducting our engagement, we have complied with the applicable requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants.

In conducting our engagement, we confirm that we satisfy the criteria for assurance providers as set out in the Audit Guidance to carry out the assurance engagement.

Conclusion

Based on the limited assurance procedures performed, as described above, nothing has come to our attention that would lead us to believe that Zhongyuan Smelter's Compliance Report for the year ended 31 December 2014, did not in all material respects, describe fairly the activities undertaken during the year to demonstrate compliance, and management's overall conclusion contained therein, is not in accordance with the requirements of the Responsible Gold Guidance.

Restriction on liability

This report has been prepared for Zhongyuan Smelter for the purpose of assisting the management in determining whether Zhongyuan Smelter has complied with the Responsible Gold Guidance and for no other purpose. Our assurance report is made solely to Zhongyuan Smelter in accordance with the terms of our engagement. We do not accept or assume responsibility to anyone other than Zhongyuan Smelter for our work, or for the conclusions we have reached in the assurance report.
